We talk about one of the most discussed, yet still not fully understood, offerings of the healthcare revolution: essential oils. Essential oils have been around for decades but it is only in recent times that they've got their due. If the word immediately conjures up images of earthen pots, swirling incense fumes and dusty light peeking in through the curtains; you'll be surprised to learn that there is so much more to essential oils than just the sort of vague boho vibe we all associate with them!.
