Bibliogov. Paperback. Book Condition: New. This item is printed on demand. Paperback. 30 pages. Dimensions: 9.7in. x 7.4in. x 0.1in. Pursuant to a congressional request, GAO discussed the Federal Aviation Administrations (FAA) program to modernize its National Airspace System (NAS), focusing on: (1) the status of key modernization projects; (2) FAAs actions to implement recommendations to correct modernization problems; and (3) the opportunities and challenges facing FAA as it embarks upon its new modernization approach. GAO noted that: (1) since 1982, Congress has appropriated over 25 billion to the modernization program; (2) while FAA has fielded some equipment, historically, the agency has experienced considerable difficulty in delivering systems with promised cost and schedule parameters; (3) as a result, FAA has been forced to implement costly interim projects; (4) meanwhile, two key systems--the Wide Area Augmentation System and the Standard Terminal Automation Replacement System--have encountered cost increases and schedule delays; (5) GAOs work has pinpointed the root causes of FAAs modernization problems and has recommended actions to overcome them; (6) most recently, GAO found shortcomings in the areas of systems architecture or the overall modernization blueprint, cost estimating and accounting, software acquisition, and organizational culture; (7) although FAA has begun to implement...

Reviews

It in a single of the most popular ebook. It really is simplified but excitement in the fifty percent from the pdf. It is extremely difficult to leave it before concluding, once you begin to read the book.

-- Joy Langosh

This publication is wonderful. It normally is not going to expense too much. Its been printed in an extremely straightforward way in fact it is merely following i finished reading this publication where actually transformed me, modify the way i really believe.
