Regnery Publishing Inc, United States, 2010. Paperback. Book Condition: New. Updated ed.. 226 x 152 mm. Language: English . Brand New Book. Barack Obama's approval ratings are at an all-time low. New revelations in the updated *Culture of Corruption: How Obama has declared war on independent government whistleblowers--with unannounced firings, smear campaigns, and forced silence--when their findings expose his political allies. How First Lady Michelle Obama's campaign against childhood obesity is less about reducing our youths' waistlines and more about swelling SEIU coffers with nearly 400,000 new food service workers. How, despite the exposure of ACORN's illegal practices and subsequent defunding, ACORN still remains--and why the Obama White House remains tight-lipped on the future of ACORN. How Obama is using recess appointments to install politicos when both Democrats and Republicans have torpedoed the nominations. How the White House is manipulating key races across the country, including endorsing...*
