Baker Publishing Group, United States, 2012. Paperback. Book Condition: New. 213 x 140 mm. Language: English . Brand New Book. Davis Bunn Strikes Gold Once Again! Marc Royce stares down from the helicopter on the Rift Valley slashing across Africa like a scar. Tribal feuds, drought, and dislocation have left their devastation. And he sees a new wound--a once-dormant volcano oozing molten lava across the dry landscape--and clouds of ash obscure his vision. His undercover assignment is similarly obscured. Supposedly dispatched to audit a relief organization's accounts, Marc finds himself amid the squalor and chaos of Kenyan refugee camps caught in a stranglehold of corruption and ruthlessness. But his true task relates to the area's reserves of once-obscure metals now indispensable to high-tech industry. The value of this rare earth inflames tensions on the world's stage as well as among warring tribes. When an Israeli medical administrator, Kitra, seeks Marc's help with her humanitarian efforts, they forge an unexpected link between impoverished African villages and another Silicon Valley rising in the Israeli desert. Precious metals and inventive minds promise new opportunities for prosperity, secure futures, and protection of valuable commodities from terrorists. As Marc prepares to report back to Washington, he seizes a chance to restore justice to this troubled land. This time, he may have gone too far.
