John Wiley & Sons Inc. Paperback. Book Condition: new. BRAND NEW, Cyber-safe Kids, Cyber-savvy Teens: Helping Young People Learn to Use the Internet Safely and Responsibly, Nancy E. Willard, Essential strategies to keep children and teens safe online As our children and teens race down the onramp to the Information Superhighway, many parents feel left behind in the dust. News stories about online sexual predators, child pornography, cyberbullies, hate groups, gaming addiction, and other dangers that lurk in the online world make us feel increasingly concerned about what our children are doing (and with whom) in cyberspace. In Cyber-Safe Kids, Cyber-Savvy Teens, Internet safety expert Nancy Willard provides you with need-to-know information about those online dangers, and she gives you the practical parenting strategies necessary to help children and teens learn to use the Internet safely and responsibly. Parents protect younger children by keeping them in safe places, teaching them simple safety rules, and paying close attention. As children grow, we help them gain the knowledge, skills, and values to make good choices--choices that will keep them safe and show respect for the rights of others. In Cyber-Safe Kids, Cyber-Savvy Teens, Willard shows you how those same strategies can be translated from the real world to the cyberworld, and that you don't have to learn advanced computer skills to put them into effect. As you work on these strategies with your child, you will also discover that remaining engaged with what your children are doing online is much more valuable than any blocking software you could buy. "Willard blends the perspectives of a wise parent and a serious scholar about issues related to Internet behavior and safety. Pick up the book, open it to any random page, and you will find on that page or nearby a wealth of helpful advice..."
