Reviews

This pdf is wonderful. It really is written in simple terms instead of hard to understand. It's been developed in an exceedingly simple way and it is just after I finished reading this ebook in which I fact modified me, alter the way in my opinion.

Createspace, United States, 2014. Paperback. Book Condition: New. 279 x 216 mm. Language: English . Brand New Book ***** Print on Demand *****.The Agency for Health Care Research and Quality (AHRQ) is 1 of 12 agencies within the Department of Health and Human Services (HHS). Its mission is to improve the quality, safety, efficiency, and effectiveness of health care for all Americans. The Agency fulfills this mission by conducting health care services research which examines how people get access to health care, how much care costs, and what happens as a result of the care they receive. The principal goals of health services research are to identify the most effective ways to organize manage, finance, and deliver high quality care, reduce medical errors, and improve patient safety. AHRQ pursues its mission through six research portfolios: Patient-Centered Health Research: improves health care quality by providing patients and physicians with state-of-the-science information on which medical treatments work best for a given condition; Prevention/Care Management Research: focuses on improving the quality, safety, efficiency, and effectiveness of the delivery of evidence-based preventive services and chronic care management in ambulatory care settings; Value Research: focuses on finding a way to achieve greater value in health care - reducing unnecessary costs and waste while maintaining or improving quality; Health Information Technology: Health IT research develops and disseminates evidence and evidence-based tools to inform policy and practice on how Health IT can improve the quality of American health care; Patient Safety: identifies risks and hazards that lead to medical errors and finding ways to prevent patient injury associated with delivery of health care; Crosscutting Activities Related to Quality, Effectiveness and Efficiency: includes investigator-initiated and targeted research grants and contracts that focus on health services research in the areas of quality, effectiveness, and efficiency. Crosscutting Activities also includes...
