

## Structural Redesign in an Organized Anarchy: Implications for Implementing Change (Classic Reprint) (Paperback)

Filesize: 4.97 MB

### ***Reviews***

*This publication is indeed gripping and intriguing. It is actually written in basic terms and not difficult to understand. I am just pleased to explain how here is the greatest publication we have read through during my own lifestyle and could be the best pdf for at any time.*

## **STRUCTURAL REDESIGN IN AN ORGANIZED ANARCHY: IMPLICATIONS FOR IMPLEMENTING CHANGE (CLASSIC REPRINT) (PAPERBACK)**

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from Structural Redesign in an Organized Anarchy: Implications for Implementing Change This paper presents data from a study of planned structural redesign to challenge several assumptions underlying theories of planned change (1). First, I describe and analyze the experience at Worldwide Action for Development (WW) to establish a divisional structure based on the location of the implementation and result in unanticipated outcomes. I then consider the implications for how planned change can be handled when circumstances undermine the validity of core assumptions about how or why organizations change. A variety of theories have been developed and tested to understand and predict processes of planned organizational change. These models have evolved from different research traditions to emphasize diagnosis (Lawrence Lorsch, 1969; Porras, 1987), intervention (Schein, 1969; Argyris, 1970), and change management (Nadler, 1981; Beckhard Harris, 1987). We would expect the application of a particular theory of planned change to depend upon the type of organization, the design of the change intervention, and the circumstances that initiated it. Indeed most theorists are careful to include a situational or contingent component to their models recognizing that change is a fluid process which cannot be completely blueprinted and is not easily managed (2). Yet these techniques presuppose a manager's desire and ability to articulate an organizational purpose or mission, or the end state of some change process. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases,...
