Selected Papers and Proceedings - Royal Astronomical Society of Canada (Paperback)

By Royal Astronomical Society Canada

Rarebooksclub.com, United States, 2012. Paperback. Book Condition: New. 246 x 189 mm. Language: English . Brand New Book ***** Print on Demand *****.This historic book may have numerous typos and missing text. Purchasers can download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1905 Excerpt: .Aug. 26-Nov. 9 a mean period of about 7h 594m is indicated. I hope, later on, to determine the period with some accuracy from a considerable number of observations. Only one observation of the phase $w = -$, with v increasing, has as yet been secured. It was recorded on Nov. 9 at 21h 50m Eastern Standard Time--3h 15m later than the corresponding phase with v decreasing. The time-interval between these phases is evidently variable. It was about five hours on Sept. 12-13 and 13-14, according to the records of those dates. I should add that the mean brightness of v is closely equal to that of a . My first observations of 32 Cassiopeiae and B. D. + 63 149 were made on Aug. 20, the variation in relative brightness was detected a few days later. Up to date I have secured 187 complete observations of...

Reviews

It in one of my personal favorite pdf. This really is for all those who statte there was not a really worth looking at. I realized this book from my dad and i encouraged this pdf to understand.

-- **Katlynn Haag**

This publication is wonderful. It normally is not going to expense too much. Its been printed in an extremely straightforward way in fact it is merely following i finished reading this publication where actually transformed me, modify the way i really believe.
