The Serpent Poured Water, by John G Biggs This story is about belief in the United States, a story that starts with my family, what they came to believe and why they changed even after decades of Methodist tradition. I was living with my grandmother as her 5 children and 24 grandchildren divided over disagreements about the true religion. Family members became Mormon, Jehovah's Witnesses, Seventh Day Adventists and various types of Baptists leaving grandmother wondering what had caused such confusion. Most say they believe the King James Bible defines God and his plan for Humankind. My attempt to understand their reasons for picking a particular doctrine over others has spanned several years and led me to examine many different beliefs. How do they spread their message and do logic, truth, or fact matter; is there any truth at all in the chaos called religion. The results are surprising and according to the first reader, everyone needs to read this book. The book focuses on 18 larger religions and attempts to show what their practitioners believe. It examines the likely sources of their belief, and more importantly, how these doctrines affect their behavior.? The Book contains references from several Bible translations, the Koran, The Book of Mormon, the Dead Sea Scrolls, Clergy interviews and other religious or church documents. It examines the origins of the bible and religious traditions. The...
