Date :2009-3-1. Availability (accessibility) in China. although this concept has gradually spread. but far from deeply rooted state. In particular. the government should have high availability websites. corporate websites. but because the website made in the understanding of the lack of availability. making people with disabilities can not work properly. and even non-windows. non-internet explorer users are difficult to access. And this information is limited to some of the formulaic principles and guidelines. with little specific tutorials and practical examples. The emergence of the book just to fill this gap. This book is one of the few books on the availability of the leader. it is the reason from the availability. infrastructure. appearance. application availability and legal point of view. elaborating on the site structure. layout. text. images. video . audio. flash. pdf and even office documents and other aspects of usability. informative. easy to understand language. The primary audience for this book is based on a certain website development programmers. interface designers. content editors. Especially recommended for site development team leader to read. I believe this book can help you project a clear vision for the project. reduce costs. and the availability of the development of China's Internet environment adds a strength. Contents: Acknowledgements Part 1 Chapter 1 Introduction to lay the foundation for mutual understanding 1.1 1.3 1.2 How to read a book after the first principles of the guidelines in Chapter 2 Why do we need the availability of the availability of 2.1 to 2.2 is the availability of the right to bring excellent opportunities for high-availability Web 2.3 easier to use 2.4 2.5 can be used the...
