A ruthless serial killer is butchering financial industry high rollers. FBI Special Agent Silver Cassidy, the head of a task force that's on a collision course with disaster, finds herself fighting impossible odds to stop the murderer before he can kill again. Struggling to balance the hunt for a savage predator with the challenges of being a single parent, Silver finds herself thrust into a nightmare of brutality that will demand every ounce of determination she possesses to survive. ----Q and A with Russell BlakeQ: Silver Justice is a departure from your usual actionadventure thrillers. And I wanted her to be very smart, and capable, but also address the issues of a female swimming upstream in a male-dominated career. I like the way Silver turned out. She became very real for me as I wrote the book, and I can envision her carrying a whole series. Shes definitely got the depth to do it....
